

Cantina di Negrar's Valpolicella Ripasso DOC Classico Superiore "Torbae" DOMINI VENETI

scritto da Redazione Wine Meridian | 3 Settembre 2024

Culture, technique, and innovation are the distinctive features of the Negrar winery, employed during the drying process of more than 30,000 quintals of native grapes suited for this method. A historical heritage combined with constant research has allowed the Negrar Winery to present, on international markets, not only Amarone— the undisputed king of the range offered— and Recioto— its predecessor— but also other products crafted using the same drying technique. The natural concentration of sugars in the must, obtained from months of resting the hand-picked healthy grapes on drying racks, is then selected for the different wines produced.

Valpolicella Superiore Ripasso also benefits from this process: the pomace used for Amarone is “re-passed” into the previously aged Valpolicella wine, which has been matured in large wooden barrels for over a year, giving it the unique characteristics of the Ripasso technique.

The “Torbae” from the Negrar Winery is born from hillside vineyards with sun exposure that allows for the perfect ripening of native grapes, particularly Corvina and Corvinone. It presents itself in the glass with a rich red color, nuanced with brilliant hues and aromas reminiscent of blueberry jams, noble oriental spices, sweet tobacco, and notes of wildflowers. It's the perfect companion for a variety of cooking styles, from braised meats to grilled dishes, and strikes a fine balance with cured meats and medium-aged cheeses.

A wine recommended for the Canadian market, given the diverse international culinary cultures offered across that country and its various regions.

Company Profile
