

# Cantina di Negrar's La Casetta Ripasso Valpolicella Superiore

scritto da Redazione Wine Meridian | 16 Settembre 2024

One of the true prides of Cantina di Negrar is its Ripasso Valpolicella Superiore “La Casetta,” which stands as a company symbol of modernity and territorial charm. This excellence has been achieved after many years of experience in the cellar, reaching an enviable and recognizable balance and uniqueness.

The bond between this wine and the region is strongly reflected in the local cuisine, rich in history and unique flavors, making a tour of this area in the province of Verona an experiential delight. Local cold cuts and cheeses (Soppressa and Monte Veronese above all), stuffed pastas, rice, and mountain meats are just a few examples. These dishes are offered in traditional taverns, which are experiencing a

renaissance, thanks in part to the incoming efforts of many tour operators. These factors are continuously enhancing the allure of this area, while the innovation and care of local ingredients, all while preserving the region's traditions, make this a highly qualified and worthy destination for a weekend getaway in this beautiful part of western Veneto.

In this marvelous setting, Valpolicella Ripasso "La Casetta" is the perfect pairing for its harmony and versatility, with ever-evolving sensations of red fruit on the nose and its unmistakable structure on the palate, making it the ideal partner to fully experience the beauty of Valpolicella.

This wine also served as the testimonial for celebrating the Domini Veneti brand, owned by the Cantina di Negrar, and I believe such recognition is due to its unmistakable territorial identity.

The Ripasso "La Casetta" from Domini Veneti is a wine sold and appreciated worldwide, particularly recommended for the Russian and Asian markets, as it embodies the strength and warm Italian passion capable of complementing diverse local dishes.
