

DOMENIS1898's TRITTICO Domaz

scritto da Redazione Wine Meridian | 14 Giugno 2025

Since 1898, DOMENIS1898 has written a story of continuous evolution, always in pursuit of that essence which only great distilleries can achieve through foresight, passion, and deep mastery of this noble craft.

Over the years, the DOMENIS1898s range has expanded, enriched in complexity and modernity, with a keen eye on market trends, yet never compromising the powerful allure that defines both the DOMENIS1898 legacy and the territory it proudly represents.

The product tasted today is part of the *Trittico* range, which also includes prestigious Gins and Vermouths. This particular product is a reinterpretation of the traditional amaro, rich in intensity and balance, yet entirely alcohol-free!

The essences used, such as cinchona and rhubarb, combined with

carefully selected herbs and spices, create a bold yet harmoniously balanced amaro, offering a remarkably enjoyable and full-flavored drinking experience.

A new era marked by DOMENIS1898, aimed at a market that is increasingly ready to support and recognize the quality of brands that have shaped—and will continue to shape—their legacy, like DOMENIS1898.

Company Profile

DOMENIS1898, a historic distillery in Friuli with over 125 years of experience, skilfully combines tradition and innovation in the artisanal production of Grappa. Through small batches, discontinuous stills and a constant drive for experimentation, it tells the world about the authenticity of the Italian distillate par excellence.
