

Tenuta Sant'Antonio's Valpolicella Nanfrè

scritto da Redazione Wine Meridian | 13 Dicembre 2025

Tenuta Sant'Antonio is a story of family passion and belief in their own territory.

The Castagnedi brothers have carried forward a brand for years that best expresses the culture of Valpolicella, combining tradition, research, and entrepreneurial spirit.

The Valpolicella Nanfrè 2024 is precisely the wine you would want but don't expect: made from Corvina and Rondinella, two native grapes that give their best in these soils. The result? A genuine and fresh wine, with a brilliant ruby color, as a true vintage Valpolicella should be.

Young but already rich in aromas, the Nanfrè is straightforward and sincere, with an expressive vinosity that wins you over immediately.

On the nose, it strikes you with its clean profile: fine spices and well-pronounced red fruit. On the palate, you appreciate its structure, pleasant acidity, and that mineral savoriness that makes it modern and in line with new trends.

In the kitchen, it pairs perfectly with fresh pasta with veal ragù or beef carpaccio with parmesan shavings. But the real enchantment? Tasting it with good bread and Sopressa Veronese, which we absolutely invite you to try from this area. Once again, the tenacity of the four Castagnedi brothers can be appreciated in every nuance.

Company Profile

Tenuta Sant'Antonio – The story of the Castagnedi family and Tenuta Sant'Antonio is more than a tale of business success: it is a hymn to life, to roots, to the land. It is the story of an Italian family that has transformed love for its homeland into a form of excellence recognized worldwide—guided by genuine passion, quiet courage, and a deep sense of gratitude for the Veronese hills where they were born and raised. Respect for the environment, the relentless pursuit of quality, the adoption of sustainable practices, and the enhancement of native grape varieties are the cornerstones that inspire every action of the four Castagnedi brothers.
