The wine market should not be feared

scritto da Fabio Piccoli | 26 Luglio 2021

The italian **“Corriere Vinicolo”** provides very important updates on the status of the wine market through its Wine Observatory. At this point, it is clear that close attention is being paid to the impact that Covid 19 has had, and continues to have, on our wine supply chain.

On this front, the “Vinicolo” (which highlighted how the pandemic actually overturned the values
