Novello for Art lovers is coming!

scritto da Redazione Wine Meridian | 24 Ottobre 2018

It’s time for Novello wine, the Italian young, light and fruity red wine that can be tasted in the same year of harvest.
Italian novello is similar to its French cousin Beaujolais nouveau in taste, body and color, but is produced using several grape varieties with a more liberal fermentation

process.
This year, the weather has not been favorable, but the careful care and selection made by the winery members, under the watchful eye of our technicians, has allowed Gotto D’Oro to have clean and healthy grapes. Gotto d’Oro Novello is Sangiovese, Merlot and Syrah grape varieties.
The result? A wine with a particularly vivid color, with shades of purple and a taste where the freshness of aromas predominates: light and fruity, it is a wine that with the colors of autumn, brings joy, ease memories, recalls nature, wood and chestnuts.
